

Miramonte Class of 2020

It is my privilege to celebrate our graduates of the Class of 2020. This is a very special class of students and, while we are not celebrating as anticipated this spring, we remain committed to ensuring that our graduates feel the recognition and honor they deserve in reaching this important milestone. Our Class of 2020 has shown grace, resilience, and deep connection to each other throughout their four years at Miramonte

High School. I am confident that we are sending an amazing group of young adults into our world and that they are poised to do tremendous things. Our world needs them now more than ever. Thank you for a wonderful four years, Class of 2020! Go Mats!

The expectations our class had for our senior year were tremendous. We were the top of the school ready for our final year of childhood.

We were more connected with our friends, families and communities than ever before. To say we were busy would be an understatement. Alongside our school work, many of us were involved in jobs, clubs and other extracurricular activities.

When second semester rolled around, college admittance letters flushed out the stress we had grown to know so well throughout our time at Miramonte. The only thing we had to worry about was not flunking out...or so we thought.

We had watched the seniors before us participate in events such as college t-shirt day, senior ball and graduation. Now it was our turn to have the fun. The shelter-in-place order due to COVID-19 has altered these events, but has not cancelled them. Although they will look different, many people are working so that these events will not be any less enjoyable.

From our conception as 9/11 babies, we were born with resilience that lent us the grit to succeed in whatever situation we experience.

The class of 2020 will overcome not only this global pandemic, but whatever else life decides to throw at us. Go Mats!!

– Ashleigh Lightbody, Senior Class President

Miramonte Class of 2020

Every high school senior was disappointed to hear our senior year had been cancelled. This was supposed to be our year, the coveted class of 2020, the year of new beginnings, and our year to say goodbye to childhood and no responsibility. While I'm sad it ended so abruptly, I feel lucky and privileged to have grown alongside the most amazing classmates at Miramonte and I'm excited to see where the future takes us. Go mats.
